“ I extend my deepest sympathy to you and your family for your loss. I have worked closely with Mike during the last few years, and it has been a privilege to do so. He was a wealth of knowledge, and he has truly helped me as a mentor and backed me up when needed to achieve a safe work place. As he liked to say, he was an “equal opportunist”, and held his ground on what was right regardless of any opposition. His efforts have helped keep many workers from harm’s way. I also know that he was a proud Father and Grandfather! Your Dad was a long-time presence at the site, and to me is synonymous with Safety at SRS. Again, my thoughts and prayers go out to you. It was an honor to have gotten to know him, and he will be truly be missed.

“ Our deepest condolences to you and your family. Your Dad was an amazing man who had the respect and love from his work-family at the Savannah River Site (SRS). In his role as a “Safety Man”, your Dad’s tenacity and dedication to his duties and the workers he supported, undoubtedly effected many people and their own families in a positive way. He was my right-hand-man and I and all of us at SRS will truly miss him. David Stavru.

“ My most sincere condolences. May fond memories of your father bring you comfort during this hard time in your life. When we lose a loved one here on earth, we gain an angel in heaven that watches over us. I have fond memories of partying with the Holod/Urbanowicz family in Scranton. Gone to soon Cousin Michael.
