“ While I never met Alex Loslo I am very sorry for the loss for this family. I have been searching for Mr. Loslo after I learned that he was in fact alive. I was informed that he was KIA when his plan went down. I am seeking to find his family as his father was my great-grandmother's (Lena Loslo Csaba) brother. My great-grandmother stayed in contact with the Loslo family, however after her death, I believe the families drifted apart. I have been doing a family tree for over 20 years and have much research. Since Lena Loslo only had 2 children, this side of the family has is very small. She made numerous trips to Logan, WV to visit with her family and it meant the world to her. I would love to be able to share with my father and my uncle memories with them.

Would love to have contact with this side of the family as I don't know that much about my great-grandmother's side. Please feel free to contact me at 7307 Husky Lane, Springfield, VA 22151.

Thank you and again, I truly wish I had known he was alive as I would have loved to have taken the time to have gotten to know him.##imported-begin##Brigitte Chabo##imported-end##
