“ Amber and I have been friends since the Third Grade. I always looked up to her and she was who I wanted to be the most like! She was so beautiful, outgoing and always smiling! We reconnected thru Facebook and thru her mom Patricia Pease and have been communicating for a few years now. I just really cannot believe she is gone. I can only hope she knows how much her friendship has meant to me and what a loss it is not to have her physically with us anymore! Even during her illness she would text me to see how I was doing! What a magnificent friend and just a beautiful human being! Here's to hoping the memories and our friendship will help to work on the whole left in my heart!
Prayers for her family and prayers that her children will continue to see what a loving and compassionate mom they have and now an angel looking out for them!
Much love and comforting peace,
Tina Moore Greene
