“ I found this sweet picture of Barry that was taken when we lived on the farm at Hunterville, Mo. He knew I collected Moon & Stars glassware and he sent me a nice piece for my collection. I am sorry his life was cut short by that dreaded disease, cancer.

Hubbard has been friends with Barry for many years. They use to boom out (boilermaker slang i guess) together most of that time when they worked together. They had many great times, especially when they cooked in their hotel rooms with hot plates, even though they weren't suppose to!!! Hubbard loved him like a brother and will miss him dearly!! He came to visit us many times and we always enjoyed his company and had fun times always!!!! He always carried pork skins and Vienna weiners in his truck for snacks!!! Lol! That was Smurf (Hubbard called him that as well as many of the other boiler makers he worked with) He was a great friend to Hubbard and will never be forgotten!!!!
