“ *Dear Billy, Cindy, and Cathy,*

When we were young, I enjoyed walks with Bernie on our grandparent's farm near Avera. Our bold and adventurous exploration of the surrounding woods and (of course) the old barn will always be with me. The (closed and boarded) Wrens theater during a family reunion was another good exploration. These and other cousin adventures are the core of growing-up that I will always cherish.

I have missed our (at least twice yearly) family reunions when everyone seemed healthy and almost ready for the future. I believe (and feel) that our Lord will keep alive Bernie's soul. One day, I hope our Lord will host a family reunion that (I pray) all can attend.

*With kind regards,
Mike*

“ Cindy and Cathy... Just wanted to let you know that I am thinking of you both. Sure am sorry to hear about what happened to Bernie. I just absolutely cannot believe it. He had just called me a day before. I tried so hard to talk to him. My prayers are with him now and you all as well....Steve Favors

“ Bill, Cindy and Cathy,
Sorry to here about Bernie. I have not been in contact with him in over 30 years but always remember the days in the early 1970s on Eastside Court when we would race minibikes on the street. And how can I forget those many fun nights with Bernie, Bill and Ronnie at Pinball Palace on Lumpkin Road. And Bill, there is so much other stuff I remember from those days, and you know what I am talking about!
Rest in peace Bernie!
