“ *" Mom" I will hold your forever close in my heart. A strong beautiful " Lady" who showed true character throughout her life to family and friends. I will always remember my childhood that had many great memories with you, Ashley and daddy. Tory best said it you taught us all to " never" give up. I will always remember our family at Christmas when daddy played " Santa" and Ashley and I would hear a great big HO, HO, HO. The little things we all take for granted yet will cherish so dearly for the years to come. I love you and will miss you for the rest of my life. Be at peace with God and daddy. Don't let him beat you at the card game. I will miss you mama. I love you.*

“ *" My Nana was a wonderful person inside and out. I loved every minute I spent with her including going to the Golden Corral. She taught me to fend for myself and to always do the best that I could no matter what. I will never forget all the Christmases we spent together or the times we went to the beach and she was getting her suntan. One thing I can take from my Nana is the fact that even though she was ill she never gave up. I admire my Nana for that. I loved her very much and will miss her everyday. It makes me happy to know she is no longer suffering anymore and is in heaven with my Gran-daddy. I miss you Nana. Thank you for a great 20 years. I love you .*

*Dear Victoria,
I want to let you know that I am so very sorry that you have lost your beloved Nana. I know how much you loved her and how she treasured you. You know that your dear grandmother was our neighbor and that I kept up with you through her.*

I know that she is so proud of you and that she will be watching over you from Heaven all through the rest of your life! She was very brave and you are just like her! Please don't be sad, but look forward to that wonderful day when we are all reunited with our loved ones.

I am thinking of you and praying for you. I am proud of you, too! I want you to know that I call my sweet grandmother "Nana" and she is a treasure to me, just like your Nana will always be for you.

I will always remember you and what a wonderful student you were.

You are so special yourself and I love you!

GOD BLESS YOU!

Love,

Mrs. Creamer

“ Aunt Sue was the most beautiful sensible woman that touched many lives. She loved her children, grandchildren and family no matter what. She might not agree with ones choices but she still loved us. She had more common sense than most and she accepted the choices that she had made in life for better or worst. She lived life to the fullest even after her illness. She never gave up and she would push herself to do her daily things like making her own bed and fixing her own breakfast. She had to persevere for herself and to teach us all to never give up. She was the love of many lives and she will be greatly missed by everyone who knew her. I have comfort in knowing that she is now with her Husband, Uncle Don and Granny. She is in a better place and is no longer sick. She is happy to be with those whom she has missed for the last 15 years. Sadly gone but never forgotten. I love you Aunt Sue.
