“ I am deeply saddened by Betty's passing. She was a truly special person, and I will always cherish the memories we shared. I will always remember the times we spent together, drinking coffee and talking. She always had a word of encouragement, a smile of understanding, a hug of support. Betty was a person I could laugh with, cry with, and share my secrets with. She touched my heart in a way that few people can, and I will miss her terribly.
