“ *Mark, I was sorry to hear of Beverly's death. My mother passed November 7 and Wayne's mother-in-law passed November 15, then I had surgery. I met Beverly years ago when she was recommended as the best hair dresser. She was truly a Southern Lady and one of the best. She gave me a copy of her favorite poem years ago when we were sharing some heart thoughts. As soon as I find it, I will mail it to you. I know you will miss her for she loved you very much. Your granddaughters will also miss her for she was a delight. Our prayers are with you.*

“ *Our hearts go out to the family and friends of Miss Beverly. I have many fond memories of Miss Beverly, be it out and about, at Perry's shop & home, and on various cruises. She was always dressed to the nines and a world class Southern Lady who was always interested in what was going on in your life. I am saddened I wasn't able to see her in the past few months but I am so glad to know her pain is gone and she is at peace. We have another "Won-dah-ful" angel above us.*

“ *I met Ms. Beverly many years ago back in the end of the 80's. She was for sure one of my best friends , We had talked a few times just this year on the phone --- I even saved one of her voice messages to me because i knew she wasn't in good health. I could tell her anything in life and i knew it would stay that way. She was always there for me and me for her true friends indeed. She was always a big supporter in my music and would come out to hear me when she could. I will truley miss her --- but she no longer has to suffer with the things she suffered from she is at peace and in Gods hands now with a new body and no longer ill. May God Bless the family and friends of her I know me Michael Farabee sure will.*

“ *I met Ms. Beverly through Perry as well and grew to love her fun loving spirit. I'm so sorry for Perry now, I know he's hurting. I have many funny, fond memories of Ms. Beverly, I wouldn't know where to start. If I did you would be sure to laugh and cry at the same time. I always joked with Perry that we had to keep her alive forever, now we are slapped with the fact that thats never possible. And as Pam said she IS out of pain and in a better place. She will be greatly missed.*
