“ I swear this is just a bad dream, and you'll be hitting me up here shortly to come hang out and talk. It's funny, the terms on how exactly we met, and some idiot immediately tried to pit us against each other, instead we both teamed up to get back at him, and in the process became very good friends. In the short time that our friendship has transpired, seems like we've done been through it all together, from the wreck involving the kids, to the sand bar swinging on some guy even though it wasn't your fight or battle, to your court proceedings and let's not forget about more personal things we've encountered, our families, our men, our kids, and our hopes and dreams. You never wanted to see what a beautiful person you were, and beat yourself up when it wasn't your fault. Do you know how good it made me feel just to hear you say to me "well hello beautiful" your life has definitely been cut short, you should be here, with your family, and those beautiful babies but I guess daddy said it was time for you to come on home, hold it down for me up there, we'll get matching wings and halos when I get there. I love you baby girl. And we'll see each other again soon
