“ *Carrie,
You were one of the first girls I met at Country Hills and we spent many years of our childhoods and preteen years getting into trouble together. My favorite memories of you will always be roller skating with you and Jessica at Aquarius. I can't believe you are gone and that we will never get to reminisce about the fun times we had. I am so sorry you were hurting and I wish I would have reached out. I hope you are finally at peace.*

“ My beautiful sister Carrie, I wanted to share a memory. I remember when you were just a baby and I wanted to take you for a walk in your new carriage. It was a snow storm day and mom wouldn't let me. But I waited and finally took you on a walk. I was so proud to push you around and show you off. I know we had our differences but I've always loved you. I still can't believe you are not here, I have so many memories that will live with me forever. Love you always and forever..

“ Not sure if I could share just one memory with Carrie because I have to many. I'll start by saying I've spent literally my entire life with you. From us fighting and me biting you, you know that story grandma and my mom always like to tell to us. We basically spent all our school years together. To everyone not believing you were my aunt because we were so close in age everyone thought we were sisters or just good friends. I remember all of our days at Aquarius, man those days were the best. To you being there for me when I had Dominick and Jennica. As well as me being with you when you had Justin. All the Holidays especially Christmas, the one I remember the most is when we had our matching outfits you know the black bodysuit with the black vans and our Calvin Klein perfume. Man we thought we were the best things ever lol. I miss you more then words could ever describe. You will forever live in my heart. You were one of the most loving and generous people I have ever known and you will truly be missed. I love you so much hope you and grandma are both watching down on all of us. This isn't a goodbye this is I'll see you soon till we meet again. Rest In Peace
