“ Sometimes the impact of a teacher is never known until much later; however, the love from a teacher is immediate! Catherine showed love to all the students at L.B.C. whether she personally taught them or not. I am certain of one thing, teachers like her create good, loving, caring teachers. Thanks for that Mrs. Rutland. Rebecca & Beth be proud that your Mom has touched so many lives!

“ I was privileged to be taught history by Catherine at LBC when it was a high school. I wasn't really interested in history but no one taught history like she did. I had a complete turn around with my insight of how important it was to know how things in the past came together with the present. She had a big heart for students and I hope that they all have realized it. Goodbye to a wonderful person!!!

“ Catherine was a natural born wit. I loved her "take" on things, her teaching style, her love of Midland Valley High School, and her friendship. She helped me to love pit bulls.....and that was not an easy task. She loved her girls, teaching, and laughing. I will miss her, but I will always treasure our friendship.

“ Catherine touched and made a difference in so many lives. Those who were blessed (though they may not have thought so at the time) to have her as a teacher will remember her always, as will those of us who worked with her. The most lasting thing I learned from her was that in the school system, forgiveness is sometimes much easier to get than permission! Becky & Beth, I pray God will comfort you in the days ahead.
