“ *We are so saddened to learn of Dawn's tragic death. We are thankful that Dawn had such a positive impact in her work with the Autism Society. I know she will be sorely missed by her clients. She leaves a huge void in the lives of her sons and extended family. We pray that God will look over her family and help guide them as they care for Collan and Scott.*

“ I got to know Dawn when she & went through Partners in Policymaking together. Though we lived in different areas of the state, we shared several bonds -- moms of children with autism, PIP, autism advocates. Though she's gone too soon, she made a difference, and her influence and memory will live for many years to come.

“ Dawn was our advocate when my son Brady was first diagnosed with autism. She helped me navigate through very uncharted territory. Selflessly, I might add. A weath of knowledge and information, caring and understanding. I will very much miss her.

*Dawn is now dancing my own son, Stephen, whom she helped so much when he was very ill with cancer. Rest in peace, dear child.*

“ Dawn was a wonderful soul and her love and devotion to her children was transparent. Also, her advocacy for her own child and others with special needs was not only her job, but her purpose in life. And most likely in death. I'm sure Dawn will continue watching out for those children on the spectrum here on earth from her place in heaven. Love ya Dawn. And Rest in Peace. Denice Stout - your friend forever.
