*My husband and I have many fond memories of Dean. We used to go up to northern Wisconsin and visit them many times at their place in Manitowish Waters. Spent a lot of time fishing the local lakes up there and ice fishing in the winter. My husband also was a crew member of Deans when he was racing his Blizzard Snowmobile at different races. Our hearts go out to his wife and all family members at this difficult time. - Tom and Shirley Skelton*

*I met Dean on the golf course. The best place to met. Over the years. we became friends. Dean was always fun to see and then start the game with 10 minutes of figuring out a bet on the game! He was always so humble when talking about his work at Augusta National but we know it was a great pride for him and us! I am sure going to miss him.*
