“ *I will miss his talks when he would come in to pay his insurance. I enjoyed talking to him cause my dad was going through cancer at the same time. Many times his words made it a little easier. My dad lost his fight(and he fought it till the last breath) March 16, 2014. I know if they get the chance to meet in Heaven they will be friends. As i tell myself now keep your head up and remember the great times you had while he was on earth. Prayers to your family*

“ Goodbye Donnie (Donald Lynn Hutto). As children, one thing that always got to Donnie was that between July 29 and September 10 of each year Donnie and I were the same age. He was your typical big brother; always picking on me and making fun of me. I remember one time when I was in the 8th grade, home sick with a stomach virus, he went into my homeroom and told my teacher in front of the entire class that I would not be in that day because I had the "hershey squirts". God bless you Donnie for your sense of humor, it did me in many a time.

*Elizabeth and Laura,
May God hold you in his hands and comfort you through your time of grief. Try to remember Donnie's sense of humor and you will forever have a smile on your face.*

Know that our thoughts are with you. We will miss the roar of the motorcycle engine as Don comes and goes and most especially the lovely smell of meat roasting on the grill in the evenings!

“ Elizabeth and Laura, my thoughts and prayers are with you. It is never easy to lose a loved one. I am so very sorry for your loss.

I have many cherished memories of spending time in the summer visiting with my grandparents, aunts, uncles, and cousins. Donnie holds a very special place in my heart. I loved hearing him play the piano, especially when he was urged to play the song 'Downtown' in a more up-tempo way than the music indicated. Boy, could he play! Our grandmother loved having us all together. We spent time at Anderson Lake and much time at church! When Donnie joined the service he had the chance to play in the Army band but decided that he wanted to be a regular soldier. I remember sending tapes instead of letters back and forth while he was overseas. It was always good to hear his voice. His support of the Wounded Warrior Project speaks to his very personal understanding of the challenges faced by those in the military.

He had a big heart and a passion for life. He fought this particular battle with dignity and fierceness, putting cancer on notice that he would fight to the end. He deserves the peace he has earned. He reunites with our family members who have pre-deceased him. This year he and our beloved Poppa can watch the Master's Tournament from heaven.

I hope that time will lessen the pain of his loss and that cherished memories will sustain you both.

To the Hutto women, you were so blessed and all who knew him share in your grief. Since I cannot be there to say good bye in person, I will send all my love to wrap around you as you say goodbye. I will hear Don's voice forever and will miss him terribly. He was a very bright spot in my life providing unending humor when the road was very bumpy. My only regret is not getting to see him one more time and give him a big hug. God bless you both and may your memories lift you out of sadness and pain.

“ Elizabeth and Laura, I am truly saddened to learn of Don's passing. Don had a tremendous heart and inner strength that I admired greatly and I was honored to call Don a friend. I had the privilege of working with Don on a variety of litigated files and appreciate the time I was allowed him to share with him. May peace and comfort find you both during this difficult time; you are in my thoughts and prayers.

I worked with Don for many years- to say he was a fierce "individual" is an understatement! He spoke the truth without waivering and I so admired that quality! I will miss him always and my prayers are with his family! God bless you!
