“ *A TRIBUTE TO A FRIEND - A couple of weeks ago Kristen and I were looking at pictures of our families when she was little. In a lot of them Donna was in them holding Melanie when she was a little baby. She passed away 2 days ago, many, many years too young of lung cancer. She was an amazing friend with an equally amazing smile and the heart of the Angel that she now is. I will forever see her in every twinkle of stars I see in the sky, just as I saw the twinkle in her eyes as she looked at her children and her granddaughters. She was more than just that twinkle in her eyes - she was my friend, or what they call bff's today. She had such a big heart - so much of my heart, the part of my heart that has been breaking for the past few months.*

When I sat and talked to her a few weeks ago, we talked about our lives, and she said that she was very happy with every day of her life. She had raised her children just the way she had wanted to and they had grown to be beautiful, loving adults with a wonderful wife and husband of their own; and they were both able to enjoy what it felt like the have the joy of children in their lives, just as she had. David, Dave and Melanie, You were blessed, and you will bless because of Donna. I love you!

“ *This was our last trip to the beach together! This picture caught just a glimpse of what a happy woman Donna was! I loved going to the beach with Donna because we could just sit in the sun all day long and talk about so many random things! I'm really going to miss her! Love her always....*
