“ Lee, Teresa, Billy and family, since I first met Donny, I've loved him. I will always remember him with a smile in my heart, as he put many smiles on my face! He was special that way. Always cutting up and laughing, we shared some good times together. I loved the bonsai plants he had but never could keep them like Donny could. I remember the fat belly pig and the laughs we had with it. A long time ago, he taught me how to set up and maintain a salt water aquarium and shared his vast knowledge of the fish and plants that grow in the salt water with me. I loved his "Nascar" Car (I called it) and loved to hear him talk about the races. I remember when we went to a Tractor Pull at the Civic Center and they had a Truck Show first. Donny's truck won #2! He would have won #1 if a pretty blonde headed girl was standing in the pickup truck doorway --- like the the blonde standing in the doorway of the other truck that got rated #1 !!! He was very happy with #2 though! I was so proud of him. When they'd come to eat sometimes, he always wanted my okra and tomatoes over rice and the collards. The first thing he'd look for was that okra/tomato "stuff" that he liked so good. I share the sadness and loss of our loved one now, and I pray God's great healing grace and comfort will give us peace soon and our sadness will be replaced with only happy memories. That's what Donny would have wanted. If I could have said one last thing to him, it would have been, I love you, always have and always will. May God bless each one of you as we say goodbye for now. Very Sincerely, Paula and husband,
