“ *Tina and I have been best friends since 2nd grade. We shared many great times together over the years. As time passed, I got married, had kids, but still managed to keep in touch with Tina on a regular basis (even after moving across the country)! Recently Tina and I would frequently spend hours on the phone (almost daily). We would talk about our past, our current ailments, and life in general. She was a dear friend that will be greatly missed, but she is in a better place now.*

*Love you Tina!!*
