“ *Frank you were the love of my life. We had our ups and downs but when all was said and done we were truly one for 47 years. My heart is ripped in half. I love you and miss you. You were a wonderful provider. You saw that the kids and I had what we needed no matter how hard or long you had to work. You were always there for me no matter what and I miss that. But at the last you were in bondage from your stroke not being able to talk, being paralyzed, and in pain for 3 years. So God released you from your chains. I know you are in a better place and free from that paralyzed body . I hope to see you in heaven when my work is done . I loved you at the beginning of our life together and I will love you til the end. I'll love you forever.*
