“ *Just thinking of you 💜 I can feel you watch over me through the good & bad times. And I heard you look just like a baby doll in Heaven (Granny before she passed said this). What I would do to lay eyes on you happy & healthy! You're the best daughter! Till we meet again!*

*Love you so,  
Momma!*

“ I know i dont ever show it and i havnt dwelled on it much because its hard for me and i try to stay strong for mommy and jameson but its never gets easy! It gets harder and harder everyday! I wish things could be different! I wish i could hold you, love you, and play with you like i do with jameson! Its hard but i try to keep telling myself that you are in a better place where nothing can hurt you, where you will have unconditional love, and you have the best company anyone can ask for! I know granddaddy, pop, and paw paw are having so much fun with you baby girl i just wish me and momma and bubba could do the same! You were to beautiful for this world and knowing that keeps me going! God had different plans for you and as much as it hurts now i know it is going to all be ok in the end! I know we will see each other again! I love you sweetheart! Look over momma and bubba and me! We love you so much Hadley! Forever and always! And look after grandadddy pop and paw paw! Daddy loves you!
