“ *To The Jones Family,*

As an employee woking for Howard, I'm sorry that I was unable to attend his funeral.

We appreciated his leadership and know that there will be a void for someone to fill.

In his absence, we take great comfort in knowing that he "Accepted Christ" as his Lord and Savior. We know this to be one of his most significant accomplishments.

Our thoughts and prayers will continue to be with your family during this time of sorrow.

“Howard, you were a true professional, a calming influence in times of adversity, a problem solver and correction implementer. I never saw you flustered. Your confidence in knowing "the what and the when" was inspiring. It was my pleasure to work with you. Condolences to your family.

Fair winds and following seas.

“Howard, you had a tremendous and rare gift for quickly seeing the core of the matter, navigating the issues around it, and focusing on the critical actions that were required to do the right things right. There was an understated elegance about the way you got things done. The wake you leave behind will be seen and felt for a long time to come. I will indeed miss you ole buddy.

Thanks for the ride. My heart and prayers go out to your family.

“ I had the great privilege of working with Howard at the Savannah River Site. When I was the Director of Engineering Services, Howard managed SmartPlant for me. I knew that if Howard worked on something, it would be done correctly, and I never had to give it a second thought. Over the past several years, SRS saved many millions of dollars with SmartPlant, all because of Howard's contribution. Even more important than the money was Howard's philosophy about how to manage people. He knew that a manager does not have to abuse people to accomplish great things. He was always supportive--even when people didn't quite measure up to his high standards--and he always had a smile and words of encouragement for people. On numerous occasions, I saw Howard make personal sacrifices to help someone who needed a little boost.

All those who knew him are better for it. He will be remembered and missed greatly.

“ I worked at SRS with Howard for many years. He was a great mentor and friend. I have wind chimes that he gave me at a fund raising golf tournamrnt because he knew I really wanted them. Every time the breeze blows I will remember what a wonderful man he was. I am deeply saddened by his loss. His contrtributions to the programs at SRS will long be remembered. My heartfelt sympathies and prayers go out to his family and loved ones. Mandy Smith

I have worked with Howard at SRS. He was not only a friend, but a mentor to me as well. He has made significant impacts on how SRS does business today. But more importantly, what has risen from all of that, are the relationships that have been woven together because of him. His presence has been, and will be, greatly missed. My thoughts and prayers go out to his family.
