“ I met Howard at SCDOT over 15 years ago. He used to invite me to eat lunch with him, his nieces, and other DOT friends at the USC McCutcheon House. He always enjoyed good food. He was also a very sensitive and kind man. I am greatly saddened that his life was cut so short. The last year or so, he had occasionally gone to lunch with me at my church. My sympathy and prayers are with his family at this time.

“ The first time I met Howard was when I did an internship with SCDOT, and I felt so welcomed by him. He helped me so many times and shared his knowledge so graciously. I still remember him like it was yesterday, all his jokes that made me laugh every morning of my internship. Thank you so much Howard for your patience and for your great personality, I will miss you.

“ I knew Howard since 1984 when I worked with him in the bridge design section. We use to take our morning breaks together and he always had a smile on his face and funny stories to tell. I enjoyed his company and he will be missed.

Rest in peace Howard

“ *It is with great sadness that I learned of Howard's passing. When I joined SCDOT in 1983, Howard and I were in the same squad together. He was very gracious in welcoming me to the squad and getting me oriented into my job duties. We have remained good friends all of these years. Many times over the years we discussed financial issues, SCDOT issues, political issues, and many other topics. In recent years we enjoyed discussing the various vacations we had taken. Howard loved San Francisco and he helped me plan a recent trip I took out there with my family. I regret that I only learned of his passing this morning because I would have definitely attended his funeral. He was a good guy, a good friend, and a man that loved his family. I will miss him.*

“ I have worked with Howard and enjoyed his friendship. One of Howard’s (“Stu the Baker”) hobby was to create delicious vanilla pound cakes that he made from scratch. I have looked forward for his cakes/emails/sense of humour that included verses that rhymed like below:

“Stu did the rip and dip, did a back flip and slipped and chipped the bone in the hip. Stu got a grip and bit his lip to give you this tip before he goes on the retirement trip.

Stu the Baker has retired from baking. So come and enjoy a piece of Retirement Cake!”

Our thoughts and prayer are with his family...

“ Even though I have know Howard a relatively short time here at SCDOT, he was such a great guy! He truly loved his family and regaled me with stories of his nieces and nephews. He loved baking and I knew I was in for a treat when I would receive an e-mail from "Stu the Baker" since that meant Howard had baked another delicious pound cake to share with us. He had an easy smile and a great sense of humor...a gift that brightened the lives he touched. I will truly miss him, as I am sure his other friends and family will too.

"May the peace that passes all understanding" be yours as you go through this difficult time.

So sad to hear about Howard. My thoughts and prayers are with his family. I worked with Howard for many years. He and I talked many times about his trips and he gave me good ideas about where to go. I'll always remember how much he loved the McCuthen House and arranging for all of us to go.
