“ Kara and Laura, I was so saddened to hear of the passing of your Dad. I have such special memories of Jimmy when he worked for my Dad at Electrical Design Consultants. He never missed a Halloween bringing you both by my parent's house; sharing his love and pride of his girls! Jimmy brought smiles to so many lives! My prayers to you both and your families.

“ I meet Jimmy in 89 at work he was the project Manager during my time at Drexel electric only had limited time with him on jobs, what I did not know was that he kept up with my work at the company. I left moved on to other opportunities. Jimmy always kept up with me, was always someone I would call for advice. When he started his own business and I called he brought me on right away. We worked over the years at many companies and he always was someone I could count on. He always gave anyone a opportunity to provide for there families and improve themselves. He touched some many people and improved there lives and always treated everyone as family he will be not only deeply missed by his family but by all of us who he took in and lifted up and brought into his extended family I am going to miss my friend Jimmy, you could ask him for advice on anything he never judged just gave you his best advice and whether you toke it or not always was your friend. He lifted everyone he touched. That was my friend Jimmy.

“ How sad we are to hear that Jimmy has passed away. Man, did we have a good time in High School. We were such good friends, senior prom, in our wedding. Sad that time and space separates people and you lose contact with each other. He was a wonderful person, I am better for having known him. I will always cherish the fond memories.

God bless all of you during this time and may the memories of how great a person he was replace the pain of losing him. Love, Jimmy & Janice Currence
