“ Dear Sandra,
I was so sorry to hear of Bert's passing. We worked together at Dartco many years ago. We always enjoyed all the fun times. You were the love of his life and that is something few can have. God bless.

“ We both feel very honored to have met Bert and spent the time we did have with him. He was such a wonderful man to not only his family but his friends. Anytime we were with him we felt his joy, love and warmth. God blessed us to have our paths crossed. He will forever be our brother in Christ.##imported-begin##James and Lee Ann Ogden##imported-end##

“ Sandra and family,

Buck and I were saddened to hear that we would no longer be able to see Bert's gentle smile, at least not until the Lord awakens him and we are all together again (laughing under a small tarp in the pouring rain, eating hamburgers and hot dogs; sweltering in the hot sun on top of a shingle roof or maybe even laughing at a birthday party). We know that cancer cannot take away God's love, good friendships or precious memories. We are so thankful God brought both of you into our lives and has given us a friendship that will last a lifetime. May you feel God's tender comfort with each tear and may you hear His gentle voice whispering "you are never ever alone".

“ Bert, Sandra, Melisa and Jamie, you are my second family. I hate that we live so far apart and didn't see each other often enough over the years but you were always in my thoughts. I love you guys, and I am so glad I was able to spend the weekend with you and see Bert. I will always remember Bert's smile and crazy sense of humor. I will be praying for you all, take care. I love you.

“ All of you are in our prayers. Bert was a wonderful man who not only loved his family but loved God. We only knew Bert for a short time, but earned a lifetime friendship that will be rekindled in heaven. Bert is now home fully healed and helping prepare the way for his family to one day come join him.

We love you and are praying for you,##imported-begin##Jeff & Susan Angerman, Jenny & Lee##imported-end##
