“ I can still remember Jerry whistling the latest pop tune in the halls of C wing at Savannah River Lab. Finding a “best friend” for life when I was only in my 20’s was quite unexpected. I can only hope to see him again on the other side when my time comes...

“ Annette, I am so sorry to learn of Jerry's passing. I saw Karla's post on Facebook this evening. I remember fondly the evenings Mary Ann and I spent with you and Jerry playing Blut or Yahtzee during our grad school years while the kids slept in the other room. Jerry was a fine man whose friendship I valued greatly, especially during our years at Northeastern and UMass. My sincere condolences to you and your children and grandchildren.

“ Jerry, you have fought the good faith, not giving in to the infirmities that beset you and you have won the race, all the way home. We will meet you one day there. After your work at SRS, you designed and built the Performance Shelter adjacent the Community Center and next the American Legion Post 71's new home. What an expert role of supervision you played in that feat. Your quiet role in the Augusta Chorus and many other accomplishments were admirable. We will miss you and I know your family will to.
