“ *I would like to extend my sincerest condolences to the Butcher family during this most difficult time of coping with the loss of your loved one. Inherited sin and death are enemies that robs us of the gift of eternal life. That is why our Heavenly Father had made this promise: "He will swallow up death forever, and the Sovereign Lord Jehovah will wipe away the tears from all faces." Isaiah 25:8. With those enemies gone, aging, sickness and death will no longer be barriers to eternal life. Until then may you continue to draw comfort and strength from God, family and friends.*

“ My Dad was a truly great man, husband, father, grandfather, great grandfather. He gave his all throughout his entire life. He always did his very best to provide the best possible direction for his family to travel down life's roads no matter what it cost him, his family always came first. He had an unusually hard (it was unusual to me, because he made mine so much better than his) childhood, He basically raised himself from a very young age and did an amazing and responsible job. He made sure that his family had it so much easier than he had it growing up. He respected rules and lived his life by the rules he believed in. Day in and out he did both little and big things to show his love and dedication for his family. I know the things that he did for us everyday and I appreciate and I realized it what he was truly aiming to accomplish; well done Dad...I noticed and I thank you for your love and ambition to be the best Dad you could be. I love you Dad; I miss you terribly and thank you for all you have done and continue to bless us with your influence.

“ My deepest sympathy is extended to the Butcher family, especially to Brenda who is in my USC Water Aerobics class. Also a big Thank-You that Jerry served our country proudly. May God be merciful and bring peace to the whole family at this very sad time in the journey of their lives.
