“ Joel, Mike, Russell and Families-
I have so many clear and fond memories of your mother, and times spent with all of you. Your mother backing down that long driveway on Crystal Lake at what seemed like 60 mph on our way to school every day. I think she probably could have done a good job driving one of your dad's race cars. The year your dad surprised your mother with a new car for Christmas. Making those long drives at Christmastime to see the lights every year. your mother was always so sweet and enthusiastic. Always a great cook. She loved all of you so very much. She was always such a beautiful person. I loved her as if she were my own mother, and I always felt she loved me too. I'm so very saddened that you must experience this great loss. Know that my thoughts, my prayers, and my heart are with you all as you adjust to life without her. My health won't allow me to make the trip right now, but I hope to see you in the very near future. My love to all of you. -Brian Sanders

Thanks Brian, and thanks for sharing some fun & funny memories. The theme for the service was parents and childhood memory. Both our parents made great memory for both of us. 👍
