“ *My Uncle Johnny was a very caring and giving man. He treasured and honored the rich heritage that is the Shuford family. He finally talked me out of that Victrola and made it shine. He restored my Grandmothers' secretary desk and was practically offended when I ask how much I owed him. About five years ago he stated that he would not be alive if it wasn't for his loving wife, Faye, and how well she took care of him. John Shuford had a huge heart and is a shining example of a life well lived...Heaven is lucky to have him.*
