“ *Ronnie, I think of you often. I could always count on a phone call from each holiday and even those in-between times. I treasure the conversations we had, I saw into your heart and soul and you let me know the real you! We could butt heads, but you never doubted my love for you.*

*I didn't know at Grandma's funeral that would be the last time I would actually see you even though we talked after that a few times. We never know when that hug will actually be the last hug someone gets. I still laugh at the picture I took of the three of you watching the sunrise coming up the next morning.*

*I know you have your peace and you are where you wanted to be. The void is for those of us that are left behind but this only temporary, Families are Forever.*

“ I am very sorry for your loss but I know that in time the in will ease and God will stand by you through your healing time.

Rod was a very loving and caring man whom I met online and will be forever grateful to have had him in my life even if for a short time.

I will forever miss him and he will always be in my heart.

I know that God had to have better plans for him in heaven and that now Rod is no longer in any pain and will be forever watching over all that he loved here on earth.

Melanie, I am glad I talked to you on the phone and please call should you ever need someone to talk too.

Love,
