“ My thoughts and prayers are with you all , Bill, Bonnie, Beverly. My memories flooding back of when we were all growing up, watching the Monkee's, which we NEVER missed, Joy eating her first piece of French Toast in our kitchen. The years at Teen Town.. The birth of children, and how she loved her children and the joy they gave her, the heartbreak of Betty's death A lot of years have gone by and I see these pictures of Joy and she looks 16 to me.From her hair up on the top of her head to her makeup..Joy could always light up a room by walking in. I have no doubt that she is lighting up heaven with our moms.

I worked at DSI Laboratories/LabCorp when I met Joy. She came to work at Greentree Patient Service Center as a phlebotomist/processor. We became really good friends; although, I was her boss. Later, we worked together at the lab on Marco Island. She had a broken hip and was on crutches. On day I got a call, requesting me to send Joy to work at a very busy center. I said, Are you kidding, she is useless. Joy overheard me, and we have laughed many times. I re-named her useless. I was only trying to keep her from going to work and standing all day. I loved her, and she was such a loving person. My heart is broken here on earth, but I have faith that I will see her again. Her heart was golden, and I loved her so. Sharon Stevenson
