“ Julie was such a special person. I had the privilege of orienting her to labor and delivery. She was the best! We had a few stories to be told. I also was honored to be her nurse for Anna and Allison. She was such a positive role model and I respected her so much! She will be missed by her University Hospital family!!!!

“ I am so saddened to hear of the passing of my former classmate. Julie and I went to school all through elementary, junior high, and high school. I have known Julie since kindergarten and she will certainly be missed. To the family, be comforted in knowing that Julie had many friends and relationships here on earth but the decision to make Jesus her choice years ago is the most important thing right now. To be absent from the body is to be present with the Lord. Be comforted in knowing that she is now with our Lord. May the Lord heal your hearts and comfort you in this most difficult time.
