

Katherine Grace Oliver

August 8, 1990 - August 2, 2021

Augusta, GA – A celebration of life service for Katherine Grace Oliver, 30 will be held Saturday morning at 11 o'clock from Grace United Methodist Church, Rev. Randall Haase officiating. She entered into rest at Augusta University Health Services on August 2, 2021.

The family will receive friends following the service at the church.

Due to the increasing cases of the Delta variant of Covid 19, we are asking for all friends and family to wear masks.

Katherine Grace Oliver was born in Smolensk, Russia on August 8, 1990 and was adopted by Bobby Oliver and Cam Lawton. She grew up in North Augusta and attended Grace United Methodist Church where she enjoyed participating in the youth drama program and the youth choir. She graduated from North Augusta High School in 2008. Katherine was a loving mother to her only child, Wyatt. He was the light of her life and the two were inseparable.

Katherine enjoyed playing softball and spending time outdoors. She was adventurous and liked to camp, fish, and swim. She loved to travel and went on many family vacations. She went to Bolivia, SA on a construction mission trip in 2009. She participated in other local mission opportunities as well. She

loved doing things with her two older sisters. Being the youngest, she was often the subject of a goodhearted tease. She enjoyed a good laugh. She loved animals and had a big heart. She loved the Carolina Gamecocks and enjoyed cheering them on. She could get loud if the refs made a bad call.

Katherine recently started a new job that she loved working for a movie production company in Augusta. She assisted in set designs for a number of movies and just returned from a location shoot in Puerto Rico. She was passionate about this new career and very proud of the work she accomplished.

She is survived by immediate family members, son Wyatt Nobles, 9, her mother Cam Lawton, her father Robert Oliver and step mom Angie Oliver, sister Ginny Oliver Heron (Brock), nephew "Jack" Heron III, step sister Ashley Blalock Havird (Monroe), step brother Scott Blalock (Billie Ann), and grandparents Mr. and Mrs. Bobby Young. There are also many aunts, uncles, and cousins from out of town. She was predeceased by maternal grandparents Mr. and Mrs. I.B. Lawton, Jr. and paternal grandparents Mr. and Mrs. Thomas A. Oliver.

Thanks is not enough to express for the outpouring of support, kindness, love, and tenderness that was shown to us and Katherine by the ICU staff at Augusta University Health Services. Katie, Kristi, Bryan, and Emily helped make the most challenging of times a little easier to bear.

Katherine expressed her wishes to be an organ donor since she was of age to do so. This meant a great deal to her and she was passionate about it. “ I met Kat while we were filming this past July in Puerto Rico. We became instant friends and I was looking forward to many more adventures (ones without sharks) and working opportunities. She was a bright and shining star. I only knew Kat for a short time but I honestly felt so connected to her - I thought we'd be lifelong friends. She had a tremendous impact on me. I'm so very sorry for your loss. ❤️

Kat bounded into the office on the set of Applewood and that was when I met her, a beautiful forever moving woman. Her love of her son was the first thing she spoke of and then her family. Her joyful imagination and her fierceness for life was incredible. She loved the movie industry and gafer tape! She grabbed life and ran with it, may we all attack life with the joy she did.

“ *Kat was a wonderful human being! I met her during our WWE film and she worked with me in the Art department as a set dresser. Her commitment to learning the trade and passion for everything she did really impressed me and we became close very quickly. She did light the room when she got in! I will miss her dearly. My condolences to the family. Please know she was loved by everyone.*

“ For those of you that are unaware many of us had recently just wrapped a film Kat was the Production Designer on. It filmed on the beautiful yet not so film friendly island, Vieques. Like all productions it had its challenges from Day 1. On the last day of prep I was sitting at the bench across from our hotel hunched over from stress when Kat approached me. She asked how I was doing and before letting me respond with some lie I would conjure up she looked down and said "You got this". I laughed at the fact she could see right through me and I immediately felt better. After sharing a nervous laugh with her I asked her how her "1 person Art Department" was going. "Best day of my life" she said. From then on it became something we would say to one another when things were going "not as planned". And by Day 5 the rest of crew was saying it too. Each time we all tried to capture Kat's slight southern twang and the fun smile she wore while saying it. Fast forward to a few days after wrap, before I had heard. I'm back home and in a liquor store with my nephews and one of them asked me how my day was. Jumping out of my mouth came "best day of my life". They laughed at my horrible attempt at an accent and for the next 5 minutes I proceeded to tell the three of them about Kat as they being 9-11 years old attempted accents of their own. When I found out about Kat passing those few words were the first thing that came to mind. She was always trying to have the best day. I haven't known her as long as some of you but thats how I will always think of her.

Miss you Kat.
