“ Kathy, I am deeply saddened of your loss.. I just heard. I have known you since I was in the 5th grade. We were best friends. I remember us going to the fair, we brought our first 45 records same time and when I moved to CA during middle school years-we wrote tons of letters. When I moved back, we practically worshipped Duran Duran, Was first row at the Monkees concert, tried to start a band and supported each other on our first day of high school. And how can I forget our trip to Edisto Beach! So many memories! We may of drifted after about the 10th grade and lost touch after high school, but those memories never left. You will be missed. My condolences to your family - they were always good to me. Until we meet again!

“ There are no words at a time like this. Kathy, I hope you knew how much I enjoyed working and laughing with you. I'll never forget the times when all we had to do was peek around the wall at each other, and we would know what the other person was thinking. The times of laughing until we cried...so many fun times. So many memories that I will cherish forever. Rest in peace, my dear friend. You will be greatly missed.
