“ I first met Mike in the late 1970's when he managed a business in downtown North Augusta and saw him periodically over the years after that as we had many mutual acquaintances. I really got to know him in 2002 when David Byers opened his store in Belvedere, and I would see him there often, and even more so when he, his brother Stan, David and I started shooting sporting clays together in Edgefield on a weekly basis and I really got to know him better. He was always a pleasant companion with a great sense of humor and I looked forward to seeing him every week. I will miss him and offer my deepest condolences to his wife and children. Marcus Jacobs

“ Mike and I worked together his whole career at TTX, but I knew Mike before and after. We have broke bread together many times, and he was a good friend. As my son Brett , came along , Brett found great pleasure in hunting, even though I wasn't an avid hunter. Mike was one of Brett's mentors, teaching him safety first , then techniques. He was always patient with Brett, showed him great love. If for no other reason that would make me love Mike. Brett and I spent a lot of quality time hunting due to our two Miles, they brought us together in a common bond. Mike was one of the guys I came up with and never had a cross word with. Quite a man, a very good man, that will be missed by many. We had many good stories and more good times. A smile that could bring the best out of anyone. I could write all night and forget as much as I wrote, I will pray for his family and friends, which he had many. What a tough loss.
