“ Laurie's Family- I wanted to express my condolences to you all. I had never met Laurie face to face, but spoke often to her. She would call our company on behalf of her work and we established a working relationship and a friendship. She was always so kind, caring and a genuine curiosity that many do not have anymore. I enjoyed our talks about life and even just everyday things. I hope she is looking down realizing she made an impact on my life. God bless, her voice will be missed. My thoughts and prayers!
