*The service station that Keith operated for so many years was iconic. Keith was probably my dad's best friend for many years. Keith and Dad purchased bruised-up VWs, Mustangs and whatever else they could find, reconditioned them and sold them, right there at the Georgia Avenue station. Dad placed me in servitude in this process, and I learned so much about automobiles which has served me well. I recall that Keith could come up with some very funny phrases to describe different situations. I continue to use one of those, today. It is, "Would you s--t in my hat!" This was one Keith would use when something surprising or extraordinary would surface. Keith was a man of humor and always uplifting to be around. All good things must come to an end, and so it is with Keith. I pray that GOD will comfort his family, and always bring smiles to their faces whenever they remember him. I've not known a finer man.*

“ The staff in the ER fell in love with him including the ER doc! Multiple staff went into his room for something and would come out and say, "that man in room # is so cute and so sweet!" He always left this same impression.

*I enjoyed his story on how he obtained the yellow, corner house and how people thought he and Elizabeth were nuts buying the house on Woodlawn they remodeled. He still had a special twinkle in his eye when he mentioned his wife. So sweet.*

*I am honored to have known him for so many years. A wonderful, classy, honest, humble man whom I consider a huge blessing in my life! So glad I got a huge hug from him Sunday. May he rest in peace as he now breathes easy in heaven.*

“ We were ever so fortunate to have been a part of Keith's circle of friend. We met him years ago and our life is better because of him. What a wonderful person! Life here on earth is going to endure his loss, and over time it will not hurt as much. There is a very special place in heaven for Keith, he has to have been the most loved person in the CSRA! To his family, who he always spoke very loving of, I to have recently lost my daddy, it is the end of an era when you loose a parent. Give yourself time, know he is always with you and that his love shines through you. Our prayers and thoughts are with you and his family at Bulter.

“ I am heart broken to find out that we have lost Keith and all his wisdom. He was a wealth of knowledge about the city of North Augusta and I used to ask him all the time when he was going to write a book. I am going to miss him so much. Please know that you and your family will be in my prayers. Every time I think of the Statler Brother's song Elizabeth, I think of the admiration he had for his Elizabeth. He spoke so fondly of her. If you ever need anything, please write me at [kwilson230@comcast.net](mailto:kwilson230@comcast.net).
