*Boy, that's peak Mark right there, Spiff. As a 13-year-old who grew up on "oldies" and listened to Fox 97 nightly while I did my homework, Mark was kind enough to give me the number to the "cool line" and answer my endless questions about radio. It was his invitation to the station overlooking the Chattahoochee that gave me access to then PD Bill Cahill and the rest of y'all. Unfortunately, he'd moved on to Jax before I turned 16 and opened the mic there for the first time. Years later, I credit Mark's selflessness and kindness for my career in media. Of course, I took for granted how good we had it! I'll remember Mark fondly and regret that we lost him too soon.*

“ Met Mark in 1982 before he leveraged his beautiful voice into radio. He worked at local Japanese manufacturing plant, and drove an old Cutless - always with windows down to save gas. He taught me how to water ski, and was always a kind, patient loving person. God bless.

“ I worked with Mark at Cox Radio back in the early 2000s and he was truly one of my favorite colleagues of all time - we had a great time working together and he was always such an amazing and inspiring professional. And just a great person to talk to. The world is a lesser place without him in it. Sending my love and condolences to all who knew and loved him.
