

Mary Anne Garrett Park

December 6, 1950 - August 26, 2020

North Augusta, SC – The Service of Committal for Mrs. Mary Anne Garret Park, will be conducted Sunday morning, November 8, 2020, at 9:45 a.m. immediately following the 8:30 a.m. church service at the St. Bartholomew's Episcopal Church Columbarium. Those in attendance are encouraged to wear a mask and social distancing will be practiced.

Private Funeral Services for Mrs. Mary Anne Garrett Park, 69, who entered into rest August 26, 2020, will be held in the Posey Funeral Chapel with The Reverend Canon Hartley officiating. The public is invited to view the livestreamed service, Monday morning at 11 o'clock on the Posey Funeral Directors Facebook page.

Mrs. Park was a lifelong resident of North Augusta, SC and had a long career at Augusta University Medical Center. She served as the director of organ procurement for many years and recently retired as the manager of clinical research, with over 26 years of service. Mrs. Park was an active member of St. Bartholomew's Episcopal Church, where she served in multiple positions, both the church and the diocese. She was preceded in death by her parents, Mr. and Mrs. Jack Garrett, Sr.; and a brother, Jack Garrett, Jr.

Survivors include her husband of 27 years, Ron Park; and her son, David Park.

In lieu of flowers, memorials may be made to the Leukemia Foundation, <https://www.leukaemia.org.au>

Posey Funeral Directors of North Augusta is in charge of arrangements

MaryAnne, an early leader in Transplant and Donation that I was honored to know in the early years of the field. May you rest in peace and comfort on this next stage of life's journey.

Mike Seely - August 31, 2020 at 07:22 PM

I knew MaryAnne as a dedicated leader supporting first year medical student summer scholars navigating the research approvals and requirements for human subjects research. She did a lot for student scholars and human subjects protections! Thank you again MaryAnne! I offer my sincere condolences to your family and colleagues.

MaryAnne, I still remember your precious Mom as one of my teachers that truly cared about me as a person. She was a wonderful inspiration to all of her students and you continued her spirit in all that you achieved. Thank you for assisting in my brother's transplant many years ago. I will never forget the gift of life that you assisted in giving to him and all who loved him. May your family find peace in their precious memories. Sharon Melton

“ Ron and David.

I have known Mary Anne for many, many years. From the early days of organ recovery and transplantation. I know how commitment Mary Anne was to transplant patients and donor families. I worked with her professionally in the organ sharing and transplantation field. I also worked with her in National Organizations such as NATCO and AOPO and served on numerous committees together some of whom we chaired together. I will always remember her dedication, tenacity, professionalism and "going beyond the call of duty". May it provide you with some peace and comfort to know she is truly respected and admired by so many colleagues and friends. Rest in Peace Mary Anne.

Ron and David - My prayers and thoughts are with y'all during this time. Mary Anne lived such a full and abundant life, not only at work but also in faith. She loved relentlessly and invested in people way more than they might have realized. Her impact in my life will forever be stamped on my heart, as she took a chance on introducing me to clinical trials at such a dynamic time during both of our lives. Her drive for devoting her life to the pursuit of research, and prioritizing her relationship with God also, set quite an example for those around her. She will be missed, but we rejoice in knowing we'll see each other again very soon!

Ron and David: Please accept my deepest sympathies for your loss. I knew Mary Anne through NATCO. She was such an inspiring mentor, patient advocate and taught me to speak up for what was right for patient and families. I couldn't quite do it like she did but she was a role model who has left this earth way too soon. She was instrumental in my success during my NATCO career and someone I knew would always answer my calls. My heart hurts but know that she is keeping those angels in heaven on their toes! “ My thoughts and prayers are with all the lives Mary Anne touch, including her Husband Ron and Son David. Mary Anne knew her stuff, she worked hard. Had patience of steel especially with the research activities and trying to keep everyone in line. Someone will have some mighty big shoes to attempt to fill. I personally appreciate everything she did for us while I worked in Plastic Surgery. She was tough, but she had to be. So much counted on everything being in order. Rest in peace, we will think of you often as you touched so many lives in so many ways

“ Mary Anne was a founding member of the North American Transplant Coordinators Organization (NATCO) and a force to be reckoned with! For many years, she guided the NATCO Introductory Course for Transplant Coordinators and helped find and secure annual training sites for the program at Rolling Ridge in Andover, Massachusetts and later at Camp Kanuga in Hendersonville, NC and Seven Springs Ski Resort near Pittsburgh, PA. I had the privilege of being on faculty for Mary Anne at all of these locations and they are indelible memories of learning, camaraderie and professional growth. She was a true leader and is gone way too soon.

“ I know Mary Anne through her service at Saint Bartholomew's. She had a true servant's heart. Which to me is the highest calling of a Christian. She organized the lay participation of the services, ushers, lay readers, etc. Had such a strong sense of responsibility coming early to make sure all was in place to make the service run smoothly.

Also enjoyed her participation in adult education classes.

I am heart broken that I will not be about to express my love and consolation to Ron and David in person. Virtual hugs to both of you. Please know you are loved by all of us at Saint Bartholomew's. John Doughty

“Just as ripples spread out when a single pebble is dropped into water, the actions of individuals can have far-reaching effects.” ~ Dalai Lama.

Like that pebble, Mary Anne's heart and hands touched countless lives, making them that much better.

Among many beautiful things, she was a true servant, a healer, a teacher, a leader, a peacemaker, and a friend.

I and many others learned so much from her, not just the nuts and bolts of how research worked, but the finer points- how to keep patients first always, how to take a dozen seemingly unconnected moving parts and turn them into a smooth project, and how to honor everyone's goals and form a cohesive team. How to make it WORK, and how to make it work well.

Outside work, I truly enjoyed our shared conversations about our kids, cooking and lovely food, fur babies, gardening projects and beautiful flowers.

It has been my privilege and blessing to call you my friend.
