I did not know him on a personal level. I only knew him from CCC. He sure lived his faith. He treated everyone so good. Acted like he knew you as a best friend. Y'all was blessed to have him. He is with Jesus now but the world will be a lot darker as his light has left. God bless his family and friends

“ Oh, sweet Daddy how I miss you so much. My heart aches to see you, feel your hugs, and hear your words of encouragement. The day you met Jesus was your best day and our families worst day. It has been the hardest, saddest year in my life. My only hope comes from knowing I will see you again. I know you have had a blast in heaven. I love picturing you in your element.

Every day you said you were thankful for another day to be alive. Your happiness and gratefulness in just one more day is just one example of how you always tried to think eternally. You lived your life loving anyone, giving of yourself to others, and hugging every person you came in contact with. Your presence gave peace to patients, hope to the hopeless, and answers to questions. All because you lived like Christ. I am so blessed that I got to be your daughter.

I will always miss you, love you, and wish you were on earth. There are no words to describe how thankful I am that you adopted me and Shannon. When you stepped in to our lives you did it like you do everything; with your entire heart. I think it hurts so much because you are such a huge piece of me. Thank you for your love. I still feel it every moment of everyday. I know you near. I know you are praying for me. I love you so much Daddy.

PS. Grayson talks about you often and prays to God about you. He also prays all the time for Mom. Paisley Ann tries to show you things by holding them in the air to the ceiling. That always thrills my heart. They miss you and I hate they are growing up without you on earth. But we will make it up when we spend eternity in heaven.

Daddy, I love you

*Love Always,
Kristie*

“ Teresa & family..... I remember the many golf trips with Daddy (Dean Trull) & Melvin was SO much fun. And he was the only one that I'd let draw blood from me at Christ Community, he was GOOD at it! But I'll always remember his hugs, smiles & talking about the golf trips. He was such an awesome man that will be missed so much. All of you are in my prayers.

“ *I have been in shock since hearing the news about Melvin. He was very dear to me. I always enjoyed talking to him when I went to the clinic. He was so easy going and always made me laugh. Especially when he drew my blood, as I was a hassle at times to draw from. I thank God for the memories I will always cherish. One in particular time was when I was broken from my husband being in the hospital and the doctors didn't think he would be around long. Melvin gave me one of his hugs and prayed for me and my husband. The last time we saw Melvin the last words he said was that he loved us. I am going to miss my buddy and all of his hugs. We love you Melvin.*

“ *Melvin ,Ryan, and I all arrived at CCHSA about the same time. You would never have known it by observing Melvin. From the first day I met him, he was friendly, helpful, and confident. He could make me laugh even when I was on the verge of tears. Like a big brother always cheering you on, he always urged me to step out of the box and do whatever God was placing on my heart. Whether in success or failure, he was always there to shine that famous smile and give a hug. I know heaven is rejoicing his arrival while we hold on to our memories to help deal with of the loss of such an amazing example of Jesus' unconditional love . “ Teresa, I am so sorry to hear of the loss you and your family have suffered. Melvin and I were quite the side kicks when we were young and in High School and made numerous road trips around the Southeast hauling cars for his dad's trucking company. The stories we could tell. I am saddened by Melvin's passing and wish for you the strength to hold on to the many memories you two shared. I know he will be missed by all who knew and loved him.

“ I've only known Shannon for a short period of time since she's joined our team of stylist at modish salon and spa. Since that moment I briefly got to know her family, but what I did know is that Shannon had such support from her mom and dad during her transition in her career. Her family thanked me for having their daughter/sister Shannon and saying how happy she was. Watching a family I barely knew come together to support their daughter / sibling I knew behind that was a great mother but also an AMAZING FATHER. I know what its like to lose a love one / parent and I hate it for anyone. Just remember to live everyday to the fullest for those we miss dearly.
