“ I have known Mike for many years, and by far, is and was the most selfless person I have ever known, next to my mother. Mike was the type of guy who would literally give you the shirt off of his back. He was there anytime you needed him or someone to consult with.. He was a very talented artist amongst many other things, Thinking back, I truly can not think of one bad thing to say about Mike. He was one of the few people I considered a true friend and really more like a brother. He will be missed by me and countless others, more than words can describe. I miss you man. Thanks for all your kindness and generosity.

Your friend, now and always bro,

“ I met and hung out with Mike through my boyfriend, the last 4 years. He was probably one of the most genuine and humble person I've ever known. Mike had such an amazing gift for art and I told him he should start selling some of his pieces. I really appreciated Mike's concern and willingness to listen to my problems, when I had no one else to vent to. I'll miss you and see you on the other side one day.
