“ *I was truly saddened to hear of Mike's death. I was his Lab technician for many years at SRNL. He was a dear friend to me and I so enjoyed working with him. We shared many life changing events and he was always there for me, giving me advice and I hope that in some way, I may have helped him also. I loved the tribute video of his life seeing him so happy after his retirement. God Bless Mike and his lovely wife.*
