“ The day I soloed was one of the best days of my life. I will always be thankful for Mike and his patience with me, and the extra time he spent on me making sure I was ready. Later on I took the pastor from my church for a demo ride with Mike and a pastor from India. My Pastor assured me, after talking with Mike that he knew the Lord Jesus and had made that important decision several year before. Mike and I had talked about this several times before. He will be missed and never replaced, but it's good to know that he is in a far better place.
