“ Wow! I just don't even know what to say. Nick was such a very special person to both me and my husband. He was such a great friend. It feels like just yesterday he was sitting on my couch and we were watching Nicholas and Madison playing and him and Matt were talking about Robbie. This man really touched my heart. My entire family loved him so much. Mrs Emma you raised such a wonderful son. He was such a good person, wonderful friend, great father, and a great husband. My oldest daughter still to this day when we go the other way in our neighborhood and sees Nicks old house says Mommy that is Nicks house. I just can't put into words what a special person he was and what a great friend he was to my husband, me and my two little girls. Brittany, please know that Nick is looking down on you and will help you overcome what ever obstacles you face. You are such a strong woman and I really admire you. If you need anything you know that Matthew and I are here for you. We love you!!###imported-begin##Matthew and Tiffany Reese###imported-end##

“ hello Brittany we are here to show our love to you and you family as you prepare to send a very special and wonderful dad home to be with the king. know that he is at peace and he would want you to be a peace and not be sad knowing that he is in a good place regardless of whether we think it was his time its not our choice and the last couple of days that have gone past i really wish we had a choice because i cant imagine life with out nick as a friend our lives will be totally different from days ago and for the rest of our lives. Matt misses him most of all and he even cries everyday ans several times a day since he found out he keeps asking why not some one else and why now. uncle nick to Zion and brother to Matt and i - he will me missed so much i already miss his smile and wonderful personality and so does Matt. Be strong as we are trying to be that;s what nick would want. our prayers and our love to you and your family, and to nick parents.##imported-begin##garnier family ##imported-end##
