“ *Pat was one of the kindest, nicest people I have ever met. I missed working with her after she retired but would see her from time to time around town, and the light of Christ always shown through her. Delta was poorer without her, as anyone who knew her is poorer without her now. God bless you Pat.*

“ *Pat was one of the most pleasant individuals I have ever met. She exuded professionalism and poise caring deeply for others and setting an example of what we all could achieve in each area of our lives. I enjoyed flying together in the MCO base when I was fortunate enough to hold a trip with Pat, and I loved to listen to her talk about her passions in life and the causes in which she chose to invest her time. I can honestly say Pat set an example for me of what I strive to be in my daily walk whether it be at work or at home. I have no doubt Pat is in her heavenly home and that the angels rejoice to have one who spread so much goodwill here on earth among their ranks.*

“ I remember Pat from the days of the CV-880 HOU/ATL/JFK days, if she was in back--no problems. Delta was better because of her.

“ I first met Pat in 1969 when I was a new stewardess in Houston and flew with her on a Convair 880 from IAH to NYC. As the extra person, she had me work in First class with her and she was the perfect hostess! In 1972, Pat served as a Passenger Service Supervisor on Delta's new B-747 service. I had the opportunity to fly as a member of her crew of 15. In 1973, I became her ground supervisor. She was always the quintessential hostess and someone I considered quite a lady...she even chastised me once for having a spot on my uniform! I later moved through management and finally retired in 1999 as the Senior V.P. - In-Flight Service. I remember Pat's 50 year pin party event, of which I was thrilled to be a part. She will always be remembered by me as a very valued mentor. To her beloved family, know that she made a difference to many people and that she loved you all.

“ Catherine (Wegmann) Domangue: Pat was on one of my earliest flights out of Houston during the busy holiday season of Thanksgiving 1974 when reserves flew round the clock. Within 8 hours of arriving in Houston I was working a flight. I was so new to everything and in awe of #1. I remember her smile, kindness and her professional way with the passengers and Delta agents. Certainly her attitude was catching and had a positive effect on us new hires which would last throughout our long careers. The epitome of a gracious Southern hostess and a life well lived. God bless and keep you Pat.

“ Pat was #1 in Houston when I started flying in 1974 and she was still #1 when I transferred to DFW 12 years later. She exuded the Southern Charm wiith our customers and all left knowing they were flying on a southern air line.. Customers remembered her and better yet, she remembered them. R.I.P. Pat.
