“ *Dear Family,*

I was very sorry to hear of the passing of Paul. I was in Paul's Reactor Physics group for three years beginning with my hiring in at SRL back in 1974. During that time Paul directed my work at 777-M in areas of space-time reactor experiments, neutron radiography, and reactor safety. It was a real pleasure working with Paul back then, and I was happy to have continued to know him over the years. In particular, I always enjoyed seeing Paul at the Reactor Physics Reunions at Tom Gorrell's place on Lake Greenwood, where we had a good chat over Carolina Barbeque just last October,

Please know that my thoughts and prayers have been with Paul and his family these recent days.

Sincerely,

Bill Winn

“ *So many memories of Mr. & Mrs. Roggenkamp and all the family. I think of you all so often. Especially my best friend, Sally, from the age of two until we lost track of each other. I am thinking of you today.*
