“ *You know, I didn't know Mrs. Rhonda very well. My interactions with her over the years were limited to a few conversations at Bi-Lo, and most recently here at the vet.*

...but I feel like I know her through the many interactions I've had with the wonderful children she has raised. Never have I met a more loyal friend than Keifer, or a more selfless person than Tonya. Only a truly wonderful person and mother could have raised such children. My prayers are with the Tubervilles, and my ears will always be open for listening and my shoulder always here to cry on. I love you guys.

“ It's been quite a while since I talked to you or seen you, Rhonda. I wish it had not been so long. The last time I think that I seen you you came to celebrate my birthday and we ended up staying out all night and talking every day for a week afterwards. You were doing good then. You were always so much fun to be around and boy, don't let someone mess with your friends . . . then you be would so protective and spunky. But above all things that I'll most admire and remember about you will be, the way you loved your children. You lived your whole life for your children and grandchildren. It was what you did. It was all you knew. You meant that they were going to have a great life and a mother that they never doubted her love for them. I will miss you sweet heart and will see you again one day. My sweet little Rhonda got her angel wings today. Great big kisses and huge hugs!!!
