“ *This still doesn't seem real. Brad was such a great man and friend. He was kind, generous, funny and wise. He loved Gamecock football, Star Wars, great food, video games and working outdoors. I'll treasure the memories of just hanging out, going to football games, the trip to Orlando to see the Disney Star Wars park, talking for hours while we played games online. I still see things and think man I need to call Brad to talk about this. Brad was fun to be around, he could talk to any stranger about anything. He was a great cook as well, he cooked me many a hamburger when I went to visit him. I could go on and on. Till we meet again buddy may the force be with you and go Cocks!* ”

“ *Where do I even begin? You were truly like a brother to me. We did everything together growing up – from playing ball in the yard and running wild through the house, to piling into our parents' vans for family vacations. I cherish every single one of those memories.* ”

*Keep an eye on PawPaw for us. Forever to thee....GO COCKS!!!!  
You will be greatly missed, brother. I love you.*

“ We will miss you so much! Enjoyed watching you grow up and being the best “Uncle” to our kids and continuing on with our grandkids. Will miss the chats we had on our porch and front yard while you were cutting grass. It’s quiet now , but know you’re gearing up for that lawnmower race with Daddy (Paw Paw) up in heaven! Love you Brad!
