“ *I worked at Columbia Nitrogen in Augusta from 1967 until 1978. Bob was working there for some of that time and I knew him then. We became acquainted again when I returned to the US in 1989 and I returned to Fairview Presbyterian Church. I've know him and Carol since then. He was a fine fellow.*

“ *Bob Clark was my great friend for over 42 years. We shared many home projects, the largest of which was when Bob converted their garage into a Carolina room with a large jacuzzi and a bar. That project required many hours for Bob, Hank, Gary and me. Numerous errors were overcome, but the finished product was great. Another involved moving his wife's sister from NC to Augusta, which required two large U-Hauls and moving two storage units which contained furniture and numerous boxes of old magazines and, yes, rocks! Bob was not a swearer, but temptation was mighty....*

We also enjoyed numerous vacations with our wives, mostly to a beach. There, over coffee in the mornings we solved most of the world problems; neither of us understand why the world never adopted them!

Bob was a true friend and was always ready to help and often did. I will greatly miss him and his wonderful friendship.
