“ *I give my condolences to the family. Mr. Bob was a friend of mine that will be missed. I will miss working with Mr. Bob but the thing I will miss the most is the talks we've had. I feel blessed to have been a friend and co-worker of Mr. Bob.*

“ *Mr. Rawlinson was one of the most respected men I have ever known and he deserved every bit of it. I have enjoyed working around him for the last 30+ years and have tried to listen more and talk less as he always did. I will miss his dry wit and our talks.*

My thoughts and prayers are with Mr. Bob's family and friends. I worked many years with Mr. Bob at PCS Nitrogen. He was a great engineer and left a legacy at the site. I feel as though an era has ended with his passing. R.I.P. Mr. Bob.

What an icon for the chemical business. Bob (Smiley) was one of the most intelligent and resourceful engineers that I've ever had the privilege of working with. He had a photographic memory of every piece of equipment that he worked with. He was willing to relay his vast knowledge on to those that needed his help. I consider it a great honor to have been able to know and work with Bob. He was a mentor and great friend to me and many others. Our deepest sympathy and condolences to his family. I'll miss him deeply as will many others!

My thoughts and prayers go out to Mr. Bob's family. He was truly one of the Good guys. He was such smart guy but yet at a blink of an eye he would have everyone smiling and laughing. He didn't care a lot for personal computers and I am thankful I was a part of helping with them, He will be missed by so many. The plant will never be the same without Mr. Rawlinson. Rest in peace Sir. God has a New Engineer.

Mr. Bob was such a gentle, soft spoken man, but could get you in a second with his wit. I also have been blessed to have worked with him for almost 30 years. He is greatly admired by all of us that worked with him and knew him. My deepest sympathy goes out to his family. Well done Mr. Bob!

Our thoughts and prayers are with Bob and his family. I am blessed to have worked for and with Bob for several years. He was an expert engineer, excellent supervisor, mentor and a gentleman in every respect. Under his quite nature he had hidden humors. Bob was truly a great American citizen.

God bless him and his family. We will miss him.

Dad, there isn't a day/night to tell you how badly you are missed. Kevin and I were blessed to have you as long as we did. We're still hurting and slowly coming around. You're the greatest father ever lived, our projects here at home was always a learning experience and just to just be with you was awesome. Your love for me and Kevin we ALWAYS felt and our Black Lab, Cowboy loved to snuggle close to you while we watched TV together or I'll miss our family conversations and how we solved the wolds problems over bottle of good beer/wine. You're a very loving and caring father and grandfather. Love you forever, Becky, Kevin and Zanja (lives in Mongolia)
