“ *I love you and will miss you forever and for always. I promise I will take good care of your son and your grandkids. I know you are no longer hurting and you are free. One day we will be reunited again, but until then just keep on smiling down on us.
Love you.*

“ *A good man has went to heaven . I've known Bobby for more than 25 years through working at FMC and Kimberly Clark. We had a lot of laughs and fun times at work . I will always remember Bobby as a hard working man that would give you the shirt off his back . The world's gonna miss you . Prayers to the family.*

“ I will always remember the last time we spoke. Though our conversation was short you rubbed my pregnant belly last year and said Eli was going to be even more happy than Eon. Well he is by far one of the happiest babies I have met. Unless he's hungry of course. Eon's hair is still that bright red, though he has lost his Aaron look. He still looks like he would belong to Aaron and Michelle. I have tried my best to stay close to your boys like you asked. Though life does get busy. Though I have tried. I'm sorry that we never got to meet up at Hardee's for breakfast for old times sake. I do miss you. But I know you're in a better place. As cliché as it sounds you really are in a better place. Watch over all of us. Know you're loved and missed!
Love always
