As one of Ashley's lifelong friends, I met Rene in 1990, when I was 16 years old. She was always welcoming and warm as I was almost like a second daughter during those times. We became close and talked like friends from time to time. Ashley and I visited her during her Travel Nursing days in San Fransisco, and again in South Florida. She was actually my inspiration to becoming a travel nurse many years later, and was there for me when I finally decided to go to nursing school, answering all of my anxious questions! We spent many holidays, vacations, and school nights together back-in-the-day. It has been a while since I last spent time with her, to my regret. She really was such a huge part of my life for many years. I loved her and will miss her dearly.

“ Rene was a person who enjoyed life and was always up for an adventure. I asked her to go with me to see Leon Russell perform in a venue downtown. We were approached by a man who asked if we were hookers. We laughed until we were almost hysterical. Fun times with Rene!
